OBJECTIVE

Enthusiastic and ambitious Junior Frontend Web Developer seeking a challenging position to apply and expand my knowledge in HTML, CSS, and JavaScript. Eager to contribute to creative web development projects, collaborate with experienced professionals, and deliver captivating user experiences. As a quick learner with a passion for innovation, I aim to continuously grow and evolve in the dynamic world of frontend development while making a meaningful impact on the digital landscape.

EXPERIENCE

Lagos state, Nigeria
Feb 2023 - Present

Fullstack Developer
PSYK

Developed a user-friendly and visually appealing landing page, allowing visitors to join the waitlist by providing their contact information.
Integrated the Google Spreadsheet API to securely store and retrieve user data, ensuring seamless communication between the frontend and backend.
Collaborated with cross-functional teams, including product managers and marketing specialists, to align the waitlist strategy with the overall product launch campaign.

Lagos state, Nigeria
Jan 2023 - Apr 2023

Frontend Web Developer Mentor
The Just Project

Successfully mentored and guided numerous newcomers, facilitating their entry into the frontend web development industry.
Actively engaged in one-on-one mentoring sessions to provide hands-on support, address queries, and clarify doubts for Newbies.
Monitored mentees' progress, tracked achievements, and recommended advancements based on their performance.

Lagos state, Nigeria
Apr 2022 - Aug 2022

Frontend Internship
Zuri Trainee

Learnt basic understanding of version control systems like Git, ensuring collaborative and organized development workflows.
Excellent team player, eager to contribute, learn, and thrive in a collaborative and fast-paced development environment.
Collaborated with Backend developer and Product designer to build a project

Feb 2023 - Aug 2023

Software Engineer Trainee
ALX

Demonstrated skills in navigating file systems, creating and managing directories, and executing commands with the terminal shell.
Participated in team-based coding projects, collaborating with fellow interns and mentors to deliver functional web applications.
